DOMINION ON WHYTE

A 15,500 sf, four-story, mixed-use building located in a historic part of Old Strathcona. Originally built in 1903 by Robert McKernan, the building was celebrated for contributing to an air of prosperity along Whyte Avenue. Beljan Development's redevelopment positions the building for retailers, restaurants and office users to take advantage of the shopping district, in a building rich in history with modern building conveniences.

Old Strathcona

The Dominion Hotel Building is in the heart of Old Strathcona, the funky and historic arts and shopping district that is a staple for residents and visitors to Edmonton alike. The historic buildings, modern developments and youthful population create a spirit that makes this area like nowhere else in Edmonton. The district is one of the Top 5 "Coolest Neighborhoods In Canada" (2017), with the numerous festivals, events, and activities year round that draw people to the iconic area.
