Property Overview

Manchester Office Park provides a unique opportunity for prospective tenants to occupy a building in its entirety and shape the overall environment, experience and workplace for both employees and clients. The property's desirable south-central location is amenity-rich with quick access to downtown and major arteries as well as being walking distance to the Chinook LRT Station.

The low-rise nature of the buildings provides for a relatively constant and direct fresh air supply, promoting a healthy workplace. Several immediate access points to the outdoors, including from the current kitchen/lounge area, provide employees the opportunity to take fresh air movement breaks throughout the day and to connect with colleagues and the outdoors. Large windows throughout with minimally interrupted glazing lines provide for substantial natural light in all areas.
