PHILLIPS PARK - INDUSTRIAL – Built in 1977 – 1978, this cornerstone property in the PBA portfolio underwent a substantial interior and exterior upgrade in 2019 and as a result, it remains a stand-out property in its class. The use of coreten steel creates a unique and unified look across all four buildings that make up this property. The tenant base at Phillips Park is a mix of office, industrial as well as quasi-retail users, many of whom have been in the complex for over three decades.
